ROBOTIC AND AUTOMATION SOLUTIONS FOR HAZARDOUS ENVIRONMENTS

MOBILE ROBOTICS | AUTONOMOUS NAVIGATION | CUSTOM AUTOMATION

Innvotek is an innovation and technology company based in Birmingham, UK.

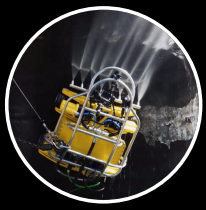

We specialise in **automation of inspection**, **maintenance and digitisation** of critical infrastructure **in extreme and demanding environments.**

We develop **bespoke**, innovative solutions **to re-invent conventional processes** and help our clients carry out operations in a safer, more cost-effective manner.

We design and build mobile platforms which **climb on large assets, operate underwater and are safe in explosive atmospheres.**
